<b>Enter your reflective comments</b>	2019 was a year of reflection, with the school undertaking the school review, allowing all stake-holders the opportunity to reflect on the improvements in students outcomes that have been made over the course of the strategic plan. The 2019 AIP was much more succinct and targeted, which allows for a better understanding of why some targets were only partially met.
<b>Considerations for 2020</b>	<p>Horsham College continues to focus on doing the simple things well.</p> <p>Key foci for College will again be the implementation of the literacy and numeracy plans and the follow up of attendance. The College is one of 129 schools selected to participate in the Accelerated Improvement Strategy (AIS) which will target improvement in reading and writing.</p> <p>Student voice and agency is a major focus that has come through from the 2019 school review and subsequent 2020-2023 Strategic Plan. The focus for 2020 will be a restructure of the Student Representative Council, the use of Pivot student surveys to target professional development and the gradual roll out of proficiency scales across the College with English and at least one other learning area planned to have this implemented.</p> <p>All staff have within their Professional Development Plan (PDP) for 2020 common goals in regards data literacy, literacy and numeracy, and student agency and voice.</p>

	Targeted work will continue on the development of curriculum scope and sequences, the development of a documented transition program and reviewing processes and procedures in the College.

<b>KIS 2</b> Evaluating impact on learning	Embed a whole school approach to data collection, analysis and evaluation of student learning growth over time	Yes
<b>KIS 3</b> Instructional and shared leadership	Build instructional leadership through the College	No

<b>KIS 4</b> Building practice excellence	Action Plan to accelerate improvement	Yes
Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	<p>The 2019 Horsham College School Review highlighted the progress that Horsham College had achieved in the previous 2016-2019 Strategic Plan. The review also acknowledged that for the College to move to the next level in its academic achievement that it was the 'right time' to focus directly on teaching and learning. The College environment was at a point where this move could now take place and processes and culture had been established to allow for the overall school development focus to move into this area. The review also enabled staff to understand the need for Horsham College to continue to focus on Literacy (Reading and Writing) and Numeracy as key improvement strategies for 2020. The staff will work towards consolidating the excellent results in Reading and continue to target improvement in writing and numeracy outcomes.</p> <p>School performance data is reflective of this and supports these areas being a continued area of focus and the College is also a participant in 2020 in the Accelerated Improvement Strategy program. It is expected all staff will have a numeracy and literacy focus in their Performance and Development Plan for 2020.</p>

<b>KIS 3</b> Evidence-based high-impact teaching strategies	Embed consistent best practice using an instructional model including evidence based high impact teaching strategies	No
Explain why the school has selected this KIS as a focus for this year. Please make reference to the self-evaluation, relevant school data, the progress against School Strategic Plan (SSP) goals, targets, and the diagnosis of issues requiring particular attention.	<p>The College review has highlighted the need to embed collaborative practices in teaching and learning at Horsham College. The above strategies are designed to be the first stages in building a transparent, collaborative environment for staff to maximise their ability to impact on student outcomes.</p> <p>The College leadership believes in the importance of having a consistent curriculum and assessment at all year levels in all subjects supported by an explicit teaching model and shared practices.</p> <p>In 2020 Learning Specialists will form with members of the Principal class a school improvement team which will use the FISO model as a basis for targeted school improvement.</p> <p>The College is also a participant in the Accelerated Improvement Strategy.</p>
