OVERVIEW

Horsham College participates in sport as part of the School Sports Victoria associations. Students from Horsham College have the opportunity to compete at school, local, regional, state and national levels. Only students who are enrolled at Horsham College can participate as part of Horsham College teams.

Students who participate in the Horsham College sporting program are expected to represent the College in a positive light by demonstrating the Horsham College values of Care, Commitment, Collaboration and Character. Any student, regardless of sporting ability is welcome to participate in the program.
