If you need help to understand the information in this policy, please contact Horsham College.

## Purpose:

To ensure a safe and welcoming environment for all students to encourage learning.

## Scope:

This policy applies to all staff, including casual relief staff, contractors and volunteers.

- The Child Safe Standards (the Standards) commenced in Victoria in January 2016. After five years, we have seen how the Standards improve safety for children and young people.
- Organisations covered by the Standards will need to comply with new Standards by July 1<sup>st</sup> 2022. Until then, the current Standards apply.
- The new Standards set out minimum requirements and outline the actions organisations must take to keep children and young people safe. They provide more clarity for organisations and are more consistent with Standards in the rest of Australia.
- The things organisations already do to keep children and young people safe will help them be compliant with the new Standards.
